BRUSH/LEAF PICK UP DAYS WASTE MANAGEMENT

CITY OF DURAND DPW PICK-UP DAYS

# Waste Management Brush/Yard Waste Collection Program

To assist the residents in keeping the community looking its best and to help keep yard waste out of the land fill; Waste Management's Seasonal Brush/Yard Waste Collection Program begins the first Monday in April and ends the last Monday in November. Brush/Yard Waste may be placed curbside no earlier than Sunday. Brush must be bundled and tied in 4-6 foot lengths or placed in a maximum 32-gallon trashcan with a yard waste sticker on the container. Yard waste stickers are available at Durand City Hall. The container must have two exterior handles and tapered sides. Yard waste may also be placed in the biodegradable paper compost bags, which are available at city hall for no charge. Paper bags do not require a yard waste sticker.

The City of Durand **Department of Public Works** will have two (2) pickups a year. The pickups will be the first Tuesday in May and the first Tuesday October. The brush should be no longer than 4' to 6' feet in length stacked in the city easement. Brush can be put curbside no sooner than one week prior to pickup.

There is also a brush and leaf drop off site available for city residents. The drop off site is located at the City of Durand Wastewater Treatment Plant, 4910 S. Durand Rd. The drop off site is open 8:00 – 11:00 AM and 1:00 – 3:00 PM, Monday through Friday (excluding holidays) from April through November. Weekend drop off is available by appointment. Please call 989-288-2158 to schedule weekend drop off.

Only leaves, brush and normal yard waste will be accepted. Loads containing anything other than compostable yard waste will be rejected. A valid driver license with an address within the City of Durand (city resident) will be required for entry. Please check in with plant staff prior to entering drop off area.

As always, in the event of storms, brush will be collected as necessary by the City of Durand for **large limbs only**.
